REPORTS.

Report on Home and State Missions.

Never before in history has the Mission work been in greater need. The wonderful flow of immigration to our borders and the progress of our country demands more earnest mission work than ever before. We had last year 865 workers they supplied 3,128 churches and sermons and addresses. They baptized 18,798 converts, 50 per day for every day in the year, and received into the church by letter 14,207 members. They organized 271 churches, 703 Sunday schools and led in the erection and improvement of 309 houses of worship. God wonderfully blessed our evangelistic work. The evangelists labored 456 days in 14 meetings, delivered 689 sermons and addresses, 699 were received for baptism. 348, by letter. We are doing work among the Indians and need houses to worship in. Who will help build these houses. We need the hearty support and prayers of every loyal Baptist in the south

Report on Pastor's Support.

If the bible teaches anything beyond a doubt, it does teach the imperative duty of the churches to support their pastors. The preaching of the gospel of Jesus Christ is acknowledged to be the greatest and most important calling of man. Surely the preacher of the gospel should have a support. For even so hath the Lord ordained that they who preach the gospel shall live of the gospel. "Go ye into all the world and preach the gospel to every creature. Preach the Word. Give thyself wholly to the work. Woe is me if I preach not the gospel." How can they preach the Word except they receive a support from their churches, and how can they give themselves wholly to the work except they be sustained by the churches to whom they preach the glorious gospel of Christ. Beloved brethren great demands are made upon the faithful pastor. He is expected to and must give to the spread of gospel, must help the poor, visit and help the sick, comfort the sorrowing and be ready for every good word and work. How can he do these things unless he is supported by his churches? Now dear brethren of the Calhoun Association fix the salary of your pastor. See that the same is promptly paid in order that he may faithfully preach the gospel and be able to sustain his ministerial character and be relieved from from want and hurtful anxiety, and our Heavenly Father will bless and prosper both church and pastor.

Respectfully submitted by J. M. Blue for MIDWAY CHURCH.

Report on Publications.

We think this one of the most important questions that come before us. It is said as one reads, so they think, and as they think so are they. If this be true it behooves us as parents and representatives of the Savior of mankind, to see that our children and people have that to read that will animate and

elevate to lives of usefulness, instead of that which will degrade and draw them from what is right. We would recommend first of all the Book of Books the blessed bible, the Baptist Record and the Foreign Mission Journal and Homefield and Orphans Gem and any other good religious books.

Respectfully submitted,

G. W. RILEY, J. F. McKIBBEN, J. R. COKER.

Report On Womans Work.

The department in our great denominational work, known as Woman's work, is no longer a question in doubt. The organized efforts of our noble women are felt and recognized in every department of our work. In church building they are prominent; in missions, they are liberal; in soul winning, they are prayerful and active; in charity, they are first. We therefore recommend that our women be encouraged to organize in each of our churches, a Ladies Aid Society whose duty it shall be to aid in every "Good word and work" of the church.

J. H. HARDIN, J. B. WOOTEN.

Report On Foreign Missions.

Our Lord and Master, "Whose we are and whom we serve," commands us to preach the gospel to every creature, to be witnesses for him unto the uttermost parts of the earth. We believe he means to hold each individual responsible to the extent of his ability for the evangelization of the world. That this individual responsibility is being realized by the christian people is shown by the increase, year after year, in our contributions to foreign missions. In 1901-2 the total contributions to the Southern Baptist Convention was \$173,439.49. There has been a marked increase each year over the year previous 'till in 1906-7 the total contribution was \$403,811.54. This is very gratifying and should encourage every christian to greater efforts than ever before. Let us remember that this year the Convention asks for \$750,000.00. Will we raise this amount? It is not large when compared to the number of christians in our land who should want to help. It is very

TURKEY CREEK CHURCH.

Report on Orphans Home.

We, your Committee on the Orphanage that belongs to the Baptist of Mississippi located at Jackson Miss., under the directory of a Board of Trustees, eighteen in number and J. R. Carter as Superintendent and his band of faithful helpers with a dependence upon the clear and unmistakeable promise of God who hath promised to be a Father to the fatherless, for a support of our children and a belief that this will come through the genuine sympathy of his Stewards to whom he has committed his possessions and that as far as possible a home shall be given to every destitute white Orphan in Mississippi who may apply whatever may have been the religious views of the parents, whether Baptist or Methodist, Presbyterian Desciples, Episcopalian, Jew, Catholic or Infidel, and that everything be managed strictly upon business principles and every dollar appropriated according to the wishes of the giver. The faculty to whom is entrusted the training and development of those who in the providence of God are placed with them, promise to do their best to carry out our wishes in making of them homemakers, home keepers and bread winners and see that they are prepared to contribute their part to the social, moral and religious influences that go to make up good citizenship. Interest is increasing on every line and have now 138 children in charge

Respectfully submitted,

CONCORD CHURCH.

Report On Sunday Schools.

When we take the proper view of Sunday school, it is nothing more than Bible study, and when we see our young folks taking the lead as they do, it must be in a progressive way, as we know that the boys and girls must soon take fath-

ers and mothers places. We are glad to see them take a step in the right direction. Parents this should urge us to put on the whole armor of God and lead our children in the right direction and help them study the bible. Train them up in the way they should go and when they get old they will not depart from it. And we know of no better training than the bible. As we know our children are character building every day and we as parents are held accountable for the kind of character they build and when we fully realize the situation, thoughtfully and prayerfully, we will have better Sunday schools. There are many new ideas advanced every day and our children are ready to grasp them and we should be careful that they are in line with the bible. We should guard against evil development and know of no better place than Sunday school to develop the mind in the right way. Out of the forty churches in this Association there was only ten Sunday schools reported last year. So you see there is not but one fourth of the membership in Sunday school. God grant that we wake up to a sense of duty and double our energy and by so doing have better Sunday schools.

Respectfully submitted,

MERIDIAN CHURCH.

Report On State of Religion.

We beg to submit the following report: That we are still on the up-grade for the Mission work and for the Spirituality that now exists in our Churches, and for the wonderful increase God has given us, not only in our bounds, but throughout the width and breadth of the land. May it increase our faith and help us to lay aside every weight and sin that doth so easily beset us and run the race with patience. God is so wonderfully blessing the fruits of his laborers in so many ways whereof we are glad of the blessings to a lost and dying world so let us be encouraged to lay hold with all the energy and zeal that we command to do greater things for the spread of the Gospel, let's pray God to enable us to teach the word of eternal truth. May we all know that it doth teach that a man must be born of God, the Gospel is the power of God unto Salvation to every one that believeth and that he is going to

Report On Prohibition.

In these days of prosperity, we are apt to console ourselves with the thought that we as the true vine or church of Jesus Christ are making great progress religiously and morally and so thought the ancient Jews, when they had made the commandments of God of non-effect by their traditions. The latest statistics at hand show June ending 1903 there was consumed in the states 1,605,851,445 gallons of spiritous liquors and is it not a fact that this vast amount was not consumed entirely by those that had not made a profession of faith. If this were true we could console ourselves with the thought that we were holding the ground we had gained, and that each new convert was a gain on Satan's stronghold. God's own word does declare that his haven of rest was not prepared for the drunkard. The crimes which this vast amount of spirits cause to be committed year by year is beyond our comprehension. The fair sex of our land robbed of husbands' love, innocent youths deprived of the enjoyment of home and proper training and made to grow up hardened criminals. We deem it unnecessary to comment further, as every one knows the evils of intoxicating drinks. Brethren in the name of the Lord, lets take a bold stand against this, the greatest evil of our land, and not meet in Association and condemn and pass strong resolutions against same and when out on the field of action base-ly strike our colors without a word of protest. Lets be men and not babes, lets entrench ourselves and fight to the last ditch. Let every opposer of this soul destroying influence be outspoken in his denunciation of same and guard our interest from a political standpoint as well as a religious one.
